AC 052

NATIONAL CERTIFICATE of CONSTANCY of PERFORMANCE No. 052 – UWB-019/1

In compliance with the Regulation of the Minister for Infrastructure and Construction of 17th November 2016 on declaring the construction products performance and marking them with the building symbol (Journal of Laws, entry 1966), this certificate applies to the construction product:

technical name:

Reflective, active road studs

trade name:

**Reflective, active, plough resistant road stud of ŚNIEŻKA group:
S-3 LED, S-4 MAX, S-4 KABEL**

levels and classes of performance of the construction product are specified in item 4 of IBDiM Technical Approval No. AT/2016-02-3306

intended use in accordance with item 3 of IBDiM Technical Approval No. AT/2016-02-3306

covered by the technical approval:

IBDiM Technical Approval No. AT/2016-02-3306

placed on the market under the trade name or trade mark of the producer:

**Przedsiębiorstwo Usługowo – Produkcyjne EUROASFALT sp. z o.o.
ul. Kardynała Stefana Wyszyńskiego 1/103, 10-457 Olsztyn**

and manufactured at the production plant by:

**Przedsiębiorstwo Usługowo – Produkcyjne EUROASFALT sp. z o.o.
ul. Długa 1, 19-330 Stare Juchy**

previously:

**Przedsiębiorstwo Usługowo – Produkcyjne EUROASFALT sp. z o.o.
ul. Ogrodowa 2, 19-330 Stare Juchy**

This certificate attests that all provisions of national system 1 concerning the assessment and verification of the constancy of performance in relation to the characteristics of the construction product specified in the above-mentioned technical approval are applicable and that:

**the manufacturer has implemented the factory production control system
in order to ensure the constancy of performance.**

This certificate, first time issued on 4th September 2018, replaces the certificate No. 052-UWB-019, and remains valid till 30th December 2021, provided that the technical approval, method of assessment and verification of constancy of performance, this construction product and the manufacturing conditions will not be modified significantly, and this certificate will not be suspended or withdrawn by an accredited product certification body.

The validity of this certificate can be confirmed on IBDiM website <http://www.ibdim.edu.pl/>
